FILE SEAT

ultra-compact for walks without limits

reversible, comfortable and practical with extendable hood

It adapts to the needs of modern families. With an ultra-compact folding, easily reversible and an extendable hood with sun protection, this seat offers functionality and comfort. It is approved to be used from baby's birth up to 22 kg, ensuring its durability as the baby grows.

Provides unmatched benefits that contribute for the correct development and well-being of the baby, as well as the comfort of parents during each walk. Whether in the city or exploring nature, this pushchair offers a perfect combination of comfort and practicality, allowing you to enjoy every moment.

optional **LPW CARRYCOT**

comfort and style on every adventure

innovative, modern, elegant, comfortable, safe and ultra-light

Provides a safe and welcoming space for the newborn. The three-layer fabric construction combines different natural materials for excellent thermal and acoustic insulation (**Inner liner**: produced in hypoallergenic cotton. **Medium layer**: creates a chamber for improved air circulation, reducing heat and humidity.

Exterior fabric: made with high quality materials to ensure durability). Includes the new **softFRESH** mattress (viscoelastic, breathable, comfortable, ensures correct posture and prevents the risk of plagiocephaly). Includes reclining backrest, extendable visor and apron, mesh window and carrying handle among many other features.

2 ANATOMIC, PADDED and breathable File seats, offer the **EXCEPTIONAL COMFORT** that your babies deserve

Maximum comfort! Anatomically designed and substantially padded seats with soft, fluffy materials, providing the perfect environment for your babies to rest, grow and explore. From head to toe, they offer softness and adequate support with a perforated, but firm backrest covered with fabric that provides excellent breathability and a natural rest. Furthermore, they incorporate side panels that support your baby's head. All this, combined with the versatility of a highly functional and lightweight chassis, with ultra-compact folding. The multiple backrest positions and adjustable footrest provide adequate space for the babies as they grow.

Reclining and reversible seats

Reclinable to a lie-flat position, with a footrest adjustable in 2 independent positions and backrest in 3.

The extendable hood adjusts to the backrest when it is in the horizontal position.

Babies can face the parents allowing that all-important eye contact in the early months. As babies grow, the seat can be attached facing forwards, letting toddlers explore the world around them.

Extra padded

The wide seat with substantial padding provides maximum well-being for the baby in its different stages.

Easy to open and close

Even with the seats and hoods attached and facing in either direction. Its ultra-compact folding adapts to your rhythm and needs effortlessly.

Bearings and suspension

It can be manoeuvred with just one hand over all types of terrain thanks to its wheels with ball bearings and four-wheel suspension.

Auto-lubricated bearings

The front swivel wheels feature auto-lubricated sleeves with ball bearings for greater manoeuvrability.

Ideal diameter wheels

Designed for an agile ride, they facilitate the action of going down or up stairs and absorb bumps, unevenness and irregularities on the surfaces.

Extendable hood with mesh window and UPF50+ sun protection.

The pleasure of touch: seat's bumper bar is covered in leatherette.

COMPACT folding - with the 2 seats -

The pushchair can be folded with the seats attached while remaining compact for transport in the car.

Suitable from birth to 22 kg.

Removable adapter

With this removable adapter, the Dupla Compact chassis can be easily converted into an individual pushchair.

It is very easy to apply or remove thanks to the Easylock attachment system.

All wheels are easily removable.

VERSATILE

Dupla Compact can be converted into a single pushchair by removing the included adapter.

OPTIONAL **LPW CARRYCOT**

THREE LAYER construction

It integrates different natural materials that provide excellent thermal and acoustic insulation, ideal for newborns' well-being.

- 1. Inner liner:** made of removable, washable and hypoallergenic cotton, to care for baby's delicate skin and avoid irritations or allergies.
- 2. Air chamber:** the medium layer creates a chamber for improved air circulation, reducing heat and humidity and ensuring perfect thermal regulation.
- 3. Exterior fabric:** high-quality, easy-care **SOFT** fabric to ensure durability.

To offer the most natural environment to the baby, the base of the carrycot is made of **recycled wood**.

UPF50+ sun protection fabrics

softFRESH mattress

Provides maximum security and protection.

Adjustable backrest

The carrycot has a three position reclining backrest. This feature facilitates digestion and lets babies explore the world around them.

Foldable visor

To change the position according to the sun's orientation, ensuring that the baby is always protected.
