Ventilation

Carrycot made from high quality **Soft** outer fabric that offers a soft and pleasant touch. Its micro-perforated design on the sides facilitates breathability. This allows air to circulate effectively through the fabric, facilitating ventilation and preventing heat build-up inside.

Softness

The inner fabrics, in contact with baby, are made of hypoallergenic **COTTON** and **TENCEL**, help to care for their delicate skin, so it does not get irritated or create allergies, and offer a perfect and lasting natural comfort.

Comfort

The seat is made of fabric with soft and fluffy padding, offering the ideal comfort necessary for your child to rest, grow and explore with complete peace of mind. Its backrest covered in soft microperforated fabric offers excellent breathability.
